407/3, Makola North, Makola, Sri Lanka 11600

## Career Objective

A versatile and professional Software Graduate with a commitment to and experience of developing innovative and creative software solutions. Able to perform full software development life cycle activities.

Have gained commercial experience during my gap year with exposure to software development. Including carrying out straightforward design, testing or support of network design and solutions following existing methodology set by senior colleagues.

Actively looking for a software engineering position with a fast-paced and ambitious company that can offer development training, project based learning and a mentoring program.
